Final exam Fall 2012 (60 % of the total grade)

Choose two of the following three questions:

1. Why has there developed specialized fishing villages in Finnmark when it was more normal to mix different trades and occupations in Norwegian coastal settlements further south?
2. Discuss how the shift from oars and sail to motor in changed both the fishing techniques and patterns of settlement in Norway.
3. The international shipping crises in the 1920's and 1970's compared: Why was the outcome so different for Norwegian shipping in these two cases?"
